LONG TERM CARE SERVICES

Worried About How to Provide Care at Home? Long-term Care Services Are Here to Help!

- Individualized care plans tailored to each person’ s needs
- Benefits available for four major service categories to help reduce expenses
- Immediate connection to long-term care services after hospital discharge

4 Major Subsidized Services

Five-step Procedure

1 Application

- Before hospital discharge, consult the hospital
- Call the 1966 Long-Term Care Hotline

2 Assessment

- Hospital professionals assess each individual’s care needs

3 Care planning & referral

- The discharge planning team discusses the most urgent long-term care services needed within the first week after returning home and helps connect you or your family member with the most appropriate resources.

4 Hospital discharge

- Return home after completing the discharge procedure

5 Receive services

- Continue to stay in contact with your care management center or community integrated service center to adjust your care plan as needed.

Enjoy peace of mind after returning home.
Call **1966** for long-term care—trusted support for your whole family.

1 Care and Professional Services

Services include body cleaning, daily living support, and care guidance provided by healthcare professionals and social workers.

2 Transportation Services

Transportation between home and medical institutions for medical appointments, rehabilitation, and dialysis treatment.

3 Assistive Devices and Home Accessibility Improvements

Depending on the services required, assistive devices may be **rented or purchased.**

4 Respite Care Services

Provides respite care services that allow family caregivers to take a break and rest.

Professional and reliable services with transparent costs.
