報名費：免費

行政院衛生署中醫藥委員會主任委員 **黃林煌**

國立中國醫藥研究所所長 **黃怡超**

敬邀

International Conference of Traditional and Complementary Medicine on Health 2013

Traditional and complementary medicine is getting more popular worldwide and plays a very important role in preventive medicine. Therefore, International Conference of Traditional and Complementary Medicine on Health 2013 (ICTCMH 2013) is planned to be organized to convene world experts in traditional medicine, herbal remedy, and dietary therapy to share the recent scientific evidences and to enhance international collaboration in globalizing traditional medicine. Academic convergence, communication, exchange, and collaboration in ICTCMH 2013 will accelerate towards the globalization of traditional and complementary medicine.

The theme: Traditional and Complementary Medicine: Perspectives and Challenges
